Help for Hardest Hit Funds

Request for Proposal

RFP #: DEMO19-HHF-03-2018

Title: Asbestos Containing Material & Hazardous Materials Removal & Disposal
Demolition & Debris Removal
Of residential structures for Properties located in Ingham County

Release Date: March 28, 2018

Due Date & Time: April 10, 2018, 12:30pm

Introduction:

The Ingham County Land Bank Fast Track Authority (ICLB) is requesting proposal for Asbestos Containing Material & Hazardous Materials Removal and Demolition & Debris Removal and site restoration at a group of blighted residential structures. This Project was established with Michigan Hardest Hit Blight Elimination Funds to stabilize neighborhoods whose viability is negatively affected by properties that have been abandoned and blighted.

Vendor selection will be based upon proposal submitted to the Ingham County Land Bank by ICLB staff. A public bid opening will be held at the Ingham County Land Bank Office located at 3024 Turner Street, Lansing Michigan, at 12:30pm on April 10, 2018.

If you have any questions about this Request for Proposal, please feel free to contact Roxanne Case, Grant & Program Manager, rcase@ingham.org at Ingham County Land Bank.

Project #: DEMO19-HHF-03-2018

Title: Asbestos Haz Mat Removal and Demolition & Debris Removal

Release Date: 3/25/18

Bid Opening: 4/10/18, 12:30pm

General:

The Ingham County Land Bank will receive Proposal packets marked clearly on the outside of the package with RFP Packet number at their office at 3024 Turner Street, Lansing, Michigan 48906. Request for Proposal documents may be obtained at the offices of the Ingham County Land Bank or online at www.inghamlandbank.org after the release date.

Submissions may be withdrawn prior to the date and time specified for Proposal Packet submission date with a formal written notice by an authorized representative of the respondent. All responses, inquiries, and correspondence relating to a Request for Proposal and all reports charts, displays, schedules, exhibits, or other documentation, including the Bid Packets become the property of the Ingham County Land Bank after the due date for submission. No bid may be withdrawn for a period of ninety (90) days after submission. Bids offering less than ninety (90) days will be considered non-responsive and will be rejected.

The Ingham County Land Bank reserves the right to reject any or all Bids and to waive any irregularities or informalities, and/or to negotiate separately the terms and conditions of all or any part of the RFP as may be deemed in the best interest of Ingham County Land Bank. It is the intent to award the project to the lowest, most qualified and responsible bidder.

The Ingham County Land Bank reserves the right to omit any residential property address listed in this Request for Proposal in advance of contract signing. Contractor's quote for any such omission will be deducted from the grand total bid amount.

In the event that it is evident to a Respondent that the Ingham County Land Bank has omitted or misstated a material requirement(s) to this packet, the Respondent shall advise the Land Bank at (517) 267-5221. The Land Bank will notify other Respondents of the omission or misstatement.

Federal and State Requirements

It is the policy of the Ingham County Land Bank that all vendors who provide goods and services to the Land Bank by contract, shall, as a condition of providing goods and services, adhere to all Federal, State and local laws, ordinances, rules and regulations, and policies, if applicable, prohibiting discrimination in regard to persons to be served and employees and applicants for employment including, but not limited to, the following:

1. The Elliott Larson Civil Rights Act, 1976 PA 453, as amended.
2. The Persons with Disabilities Civil Rights Act, 1976 PA 220, as amended.
3. Section 504 of the Federal Rehabilitation Act of 1973, PL 93-112, 87 Stat. 255 as amended, and rules adopted thereunder.
4. The Americans With Disabilities Act of 1990, PL 101-336, 104 Stat. 327 (42 U.S.C. 12101 et seq.), as amended, and regulations promulgated thereunder.
5. Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 1124 of October 13, 1967 and as supplemented in Department of Labor regulations (41 CFR Chapter 60). (Applicable to all construction contracts awarded in excess of \$10,000 by respondent or its subcontractors.)

Furthermore, the vendor who is selected under this contract, as a condition of providing goods and services, as required by law, shall not discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions or privilege of employment, or a matter directly or

indirectly related to employment because of race, color, religion, sexual orientation, gender identity, national origin, disability, height, weight, marital status, age or political affiliation (except where age, sex or lack of disability constitutes a bona fide occupational qualification).

Any violation of Federal, State or local equal opportunity statutes, ordinances, rules/regulations, or policies during the course of time which the vendor is providing goods and services to the Land Bank shall be regarded as a material breach of any contract between the Land Bank and Vendor, and the Land Bank may terminate such contract effective as of the date of delivery of written notification to the Vendor.

In addition, vendors will be responsible for compliance with other Federal, State and local laws, ordinances, rules and regulations, and policies, as they may apply to these projects. These include, but are not limited to, the following:

1. The Housing and Economic Recovery Act of 2008 (HERA), also known as Public Law 110-289.
2. The Copeland "Anti-Kickback" act (18 U.S. C. 874) as supplemented by Department of Labor regulations (29 CFR part 3). (Applicable to all contracts and subcontracts.)
3. The Davis-Bacon Act (40 U.S. C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR part 5). (Applicable to construction contracts in excess of \$2,000 for CDBG rehab projects of 8 units or more and HOME projects of 12 units or more.)
4. Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C 327A 330) as supplemented by Department of Labor regulations (20 CFR part 5). (Applicable to construction contracts awarded by Respondent and/or its subcontractors in excess of \$2,000, and for other contracts in excess of \$2,500 which involve the employment of mechanics or laborers.)
5. Respondent agrees to comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S. C. 1857 (h)), section 508 of the Clean Water Act (33 U.S.C. 1368 Executive Order 11738, and Environmental Protection Agency Regulations (40 CFR part 15). (Applicable to contracts, subcontracts, and subgrants in amounts in excess of \$100,000).
6. Compliance with Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135. Section 3 requires that to the greatest extent feasible, opportunities for training and employment will be given to low- and very low-income residents of the project area, and that contracts for work in connection with the project be awarded to concerns that provide economic opportunities for low- and very low-income persons residing in the metropolitan area in which the project is located.

Respondent agrees to comply with Ingham County Land Bank requirements and regulations pertaining to reporting, including but not limited to providing demographic data and evidence of compliance with city and federal procurement rules, as applicable to this contract.

Respondent agrees that if this contract results in any patentable inventions, the Ingham County Land Bank reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes, as applicable to this contract.

Respondent agrees that if this contract results in any copyrightable material, the Ingham County Land Bank reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes, as applicable to this contract.

Respondent agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94A 163, 89 Stat. 871), as applicable to this contract.

Access and Retention of Records

Respondent agrees to provide access by the Ingham County Land Bank, HUD, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers and records of the contractor which are directly pertinent to this specific contract and any related contracts or records for the purpose of making audit, examination, excerpts, and transcriptions.

Respondent also agrees to retain all required records for five (5) years after completion of the work, receipt of final payments and all other pending matters are closed.

Prevailing Wage Requirement

It is the policy of Ingham County Land Bank Fast Track Authority to require the payment of prevailing wages on any construction contract exceeding \$10,000 as determined by using the wage guidelines promulgated by the U.S. Secretary of Labor pursuant to the Davis-Bacon Act. The most current Prevailing Wage Determinations are attached to this RFP.

The Contractor is required to submit certified payrolls for all periods worked on said project to the Ingham County Land Bank, 3024 Turner Street, Lansing, MI 48906. Attention: Roxanne Case. Payment shall not be made until such time that the certified payrolls have been reviewed.

1. Contractor shall submit to the Ingham County Land Bank before commencing work a list of all his/her Subcontractors.
2. It is the responsibility of the Contractor to notify its Subcontractors that said project requires the payment of prevailing wages. It is also the responsibility of the Contractor to supply its Subcontractors with the prevailing wage rate schedule that is included in this solicitation.
3. Prevailing wage rates shall be conspicuously posted at the jobsite.
4. Contractor shall not use independent contractors. All persons performing construction trade work under this contract shall be employees of the Contractor or employees of the Subcontractor(s).
5. Prevailing wage compliance will be monitored by the Ingham County Land Bank and Michigan Fair Contracting Center (MFCC).
6. Compliance monitors will conduct brief interviews with workers throughout the duration of said project.
7. Workers will be informed of the prevailing wage rates during the interview. Workers will be asked if they are receiving the correct pay, fringe benefits, and overtime as required by the County.
8. Workers may be asked to show the compliance monitor a paycheck stub on a periodic basis to verify fringe benefit breakdowns and the actual rate of pay received by the worker, including overtime, if applicable.

9. Where applicable, the Contractor shall provide the appropriate ratio of journeymen to apprentice workers as determined by the U.S. Department of Labor, Bureau of Apprenticeship and Training. The ratio will be monitored through worker interviews. Workers may be asked to provide their apprentice or journeyman cards to verify their status.
10. Where apprentices are employed, the Contractor and Subcontractors shall provide the appropriate apprentice level on the certified payroll form, WH-347.
11. When requested by the Ingham County Land Bank, the Contractor and Subcontractors shall submit a detail breakdown of all fringe benefits paid to their employees for all work on County construction projects.

Local Vendor Preference

Preference will be given to a vendor who operates a business within the legally defined boundaries of Ingham County. To be considered a local vendor, the Respondent must complete the "Local Vendor Certification Form" included in this bid packet.

Legal Venue

This Agreement shall be construed according to the laws of the State of Michigan. The Land Bank and the respondent agree that the venue for bringing of any legal or equitable action under this bid or any resulting agreement shall be established in accordance with the statutes of the State of Michigan and/or Michigan Court Rules. In the event that any action is brought under this agreement in Federal Court, the venue for such action shall be the Federal Judicial District of Michigan, Western District, Southern Division.

Respondents shall render the services to be provided pursuant to this agreement in compliance with all applicable Federal, State and local laws, ordinances, rules and regulations.

Collusion

The Respondent certifies that this bid has not been made or prepared in collusion with any other Respondent and the prices, terms or conditions thereof have not been communicated by or on behalf of the respondent to any other Respondent and will not be so communicated to any other Respondent prior to the official opening of this bid. This certification may be treated for all purposes as if it were a sworn statement made under oath, subject to the penalties for perjury. Moreover, it is made subject to the provisions of 18 U.S.C. Section 1001, relating to making false statements.

Hold Harmless

The respondent who is selected shall, at its own expense protect, defend, indemnify, save and hold harmless the Ingham County Land Bank and its elected and appointed officers, employees, servants and agents from all claims, damages, lawsuits, costs and expenses including, but not limited to, all costs from administrative proceedings, court costs and attorney fees that the Ingham County Land Bank and its elected and appointed officers, employees, servants and agents may incur as a result of the acts, omissions or negligence of the contractor or its employees, servants, agents or subcontractors that may arise out of the agreement.

The respondent's indemnification responsibility under this section shall include the sum of damages, costs and expenses which are in excess of the sum of damages, costs and expenses which are paid out on behalf of/or reimbursed to the Ingham County Land Bank, its officers, employees, servants or agents by the insurance coverage obtained and/or maintained by the contractor.

The respondent shall purchase and maintain insurance not less than the limits set forth below. All coverage shall be with insurance companies licensed and admitted to do business in the State of Michigan and with insurance carriers acceptable to the Ingham County Land Bank that have a minimum A.M. Best Company's Insurance Report of A or A- (Excellent).

1. Worker's Disability Compensation Insurance including Employers Liability Coverage in accordance with applicable statutes of the State of Michigan.
2. Commercial General Liability Insurance on an "Occurrence Basis" with limits of liability not less \$2,000,000 per occurrence and/or aggregate combined single limit. Coverage shall include the following:
 - a. Contractual Liability
 - b. Products and Completed Operations
 - c. Independent Contractors Coverage
 - d. Broad Form General Liability endorsement or equivalent
3. Motor Vehicle Liability Insurance, including Michigan No-Fault Coverage, with limits to liability of not less than \$1,000,000 per occurrence combined single limit Bodily Injury and Property Damage. Coverage shall include all owned vehicles, all non-owned vehicles and all hired vehicles.
4. Professional Liability Insurance (Errors and Omissions) shall be maintained during the life of this contract with limits of liability of not less than \$1,000,000 per claim.
5. Additional Insured - Commercial General Liability Insurance, as described above shall include an endorsement stating the following shall be "Additional Insured": the Ingham County Land Bank, all its elected and appointed officials, all its employees, agents and its volunteers, all its Board, Commissions and/or authorities and Board members including employees, agents and volunteers thereof.
6. Cancellation Notice - All insurance described above shall include an endorsement stating the following: "It is understood and agreed that thirty (30) days advanced written notice of cancellation, non-renewal, reduction and/or material change shall be sent to: Ingham County Land Bank, 3024 Turner St. Lansing, Michigan 48906."
7. Proof of Insurance - The respondent shall provide to the Ingham County Land Bank at the time the contracts are returned by it for execution, one (1) copy of the certificate of insurance for each of the policies mentioned above. If so requested, certified copies of all policies will be furnished.

The successful Respondent will be required to submit an IRS Form W-9 and proof of satisfactory insurance prior to any work being started. If any of the above coverages expire during the term of the contract, the Vendor shall deliver renewal certificated and/or policies to ICLB at least ten (10) days prior to the expiration date.

Performance Bond

Contractors must secure a performance bond in an amount equal to one hundred percent (100%) of the total contract amount. Bonds must be issued by a bona fide company authorized to do business with the State of Michigan.

Evaluation and Award Timeline

One or more staff members will review each submission. Evaluations will be based on qualification data submitted, past performance with ICLB, price, references and local vendor status. The results will be presented to the Executive Director who shall review and approve final award(s). This may take 2-3 weeks from the proposal opening date.

It is the intent of ICLB to award to the lowest, most qualified, and responsible bidder.

Invoicing Requirements

Vendor is required to follow ICLB's Invoicing Requirements. Information can be found on our website, www.inghamlandbank.org, on the Contractors page. ICLB will process Contractor invoices after final activities are complete and full documentation is provided. **Payment will be made according to the Ingham County Land Bank's Invoice Submission and Payment Schedule, once funding is received through the Hardest Hit Funds.**

**Ingham County Land Bank Fast Track Authority
Help for Hardest Hit Funds**

**SCOPE OF SERVICES
ASBESTOS HAZARDOUS MATERIALS ABATEMENT**

DESCRIPTION

The purpose of the project is to abate hazardous materials present within the building, or within close proximity to the building, before a structure is demolished. ***See corresponding Asbestos Hazardous Materials Reports, on www.inghamlandbank.org.*** Structures have been surveyed for the following materials:

- Vermiculite – all must be removed
- Asbestos containing building materials (ACBM)
- Mechanical and electrical systems containing polychlorinated biphenyls (PCB)
- Potentially hazardous or regulated materials/waste located in containers and/or drums
- Potential mercury containing equipment

Lead based paint materials do not require removal in preparation for demolition. Painted surfaces in these structures should be assumed to contain lead.

The Contractor shall comply with all applicable laws, ordinances, rules, regulations, whether stated or omitted from bidding documents, including, but not limited to the following:

1. US EPA, 40 CFR Part 61, Subpart M-National Emission Standards for Hazardous Air Pollutants.
2. OSHA , 29 CFR Part 1926.1101/MIOSHA Part 602-Asbestos in Construction Standard.
3. Michigan Public Act 154 of 1974 – “Michigan Occupational Safety and Health Act”.
4. Michigan Public Act of 135 of 1986 – “Asbestos Abatement Contractors Licensing Act”.
5. Michigan Public Act of 440 of 1988 – “Asbestos Workers Accreditation Act”.
6. US DOT, 49 CFR Parts 171 and 172 – Hazardous Materials Regulations.

If removal of windows is necessary during the abatement of hazardous materials, steps must be taken to secure the opening left after the removal. (i.e. OSB board).

Abatement activities are the responsibility of the Contractor to include, but not necessarily limited to:

- Development of a plan for the removal of regulated materials at the site and provide copy to the Ingham County Land Bank
- Acquisition of all required permits
- Submission of all necessary regulatory notifications
- Provide and maintain all qualified personnel, equipment, materials and other resources necessary to perform activities
- Provide a Third Party air monitoring for final clearance as applicable, providing sampling records
- Remove and package regulated materials for disposal according to regulatory standards, providing documentation of abatement permits and reconciliation with hazardous material survey
- Dispose of regulated materials in licensed landfills or recycling centers with proper transport
- Provide disposal documentation including copies of abatement waste transportation and disposal records to Ingham County Land Bank

All permits, landfill tickets, receipts for disposal, lien waivers, prevailing wages WH347 forms, and other proof of compliance shall be presented to the Ingham County Land Bank at the time invoice is submitted. Payment will be made according to the Ingham County Land Bank’s Invoice Submission and Payment Schedule, once funding is received through the Hardest Hit Funds.

**Ingham County Land Bank Fast Track Authority
Help for Hardest Hit Funds**

**SCOPE OF SERVICES
DEMOLITION & DEBRIS REMOVAL**

DESCRIPTION

This project consists of building and site demolition of buildings and basement/foundation including backfill of the excavation, securing all necessary permits (demolition, water/sewer cuts, soil erosion, Right-of-Way, and any other required permits by Local, State or Federal government) and disconnect gas, water (if not already completed) and sewer utilities or cap wells and abandonment of septic (if any).

Contractor must comply with all federal and administrative requirements which will ensure that all work is performed and carried out in a safe and timely manner. It is the responsibility of the Contractor to provide and maintain all qualified personnel, equipment, materials and other resources necessary to perform activities identified in this Scope of Service.

Contractor must adhere to City of Lansing Development Ready Demolition letter, located on the City of Lansing website, www.lansingmi.gov or on the ICLB website, www.inghamlandbank.org.

A description of the work of the contract can be summarized as follows:

1. Right of Way Permits must be pulled for each property at the City of Lansing Public Service Department. No cost of this permit is required. Copy of each property ROW permit must be mail or emailed to: Tetra Tech, 517-316-3930, 401 S Washington Sq, Lansing, MI 48933.
2. Gas lines per Consumers Energy have already been shut off at main, retired, and/or capped. No cost should be included in your bid. Paperwork will be provided by the Land Bank.
3. Electric and Water lines per BWL have already been disconnected and shut off with meters removed. No cost should be included in your bid. Paperwork will be provided by the Land Bank.
4. Contractor will work with City of Lansing officials to ensure that all sewer lines connected to demolished and removed structures are appropriately and securely capped, and inspected. If a septic tank is located, the contents needs pumped, inspected, and then removed.
5. Soil Erosion control – if a property is within 500 feet of a lake, body of water, stream or county drain, a permit and application must be filed with the City of Lansing. Controls must be implemented and procedures must follow the City of Lansing Ordinances.
6. Open Hole Inspection is required, and shall be approved prior to any backfilling operations. Contact the ICLB for inspection.
7. Protection of trees - It shall be the responsibility of the Contractor to protect all trees of a diameter of 4" or greater that are located outside of five (5) feet from the structure being demolished.
8. Site and Building demolition
 - a. Be aware of property corners and lot lines accurately to set limit of demolition/deconstruction. While some properties may receive stake surveys prior to demolition, contractor is responsible to verify property location. Any properties with completed surveys will have copies of those surveys available in the Ingham County Land Bank office.
 - b. Create 2-4 holes in attic (if applicable) and pre-soak with water for at least 5 minutes before demolition.
 - c. Site and building demolition including the removal of structures, basement, footings, concrete, landscaping and walls, cut brush and trees and/or bituminous/concrete

- pavement, driveways, private sidewalks, stone, brick, rubbish and miscellaneous debris on site.
- d. All brush, branches, downed trees, stumps, and debris on site must be removed, cleared, and cleaned up, with the exception of areas indicated by the Ingham County Land Bank to remain.
- e. All fence/property lines need to be cleaned up and clear of concrete, rocks, trash, debris, etc.
- 9. Except for items indicated to remain the Land Bank's property, demolished materials shall become the Contractor's property and shall be removed and disposed of legally.
- 10. Site restoration - Site restoration including fill and compaction all disturbed areas, seeding and mulch as follows: a slow growing grass seed appropriate for Michigan's environment, placed upon 4-6 inches of top soil and mulched with straw or wood fiber.
- 11. Curb and Gutter Insert, noted in the City of Lansing Development Ready Demolitions letter, should be followed per City of Lansing specifications. Tetra Tech Inc will be inspecting and approving per specifications, and will need to be notified at the beginning, and throughout the process.

WORK SCHEDULE

A preliminary work schedule must be supplied to the Ingham County Land Bank within 10 days of contract awards. Updated schedules must be provided a minimum of 48 hours in advance before start of work to provide for adequate time to remove Land Bank locks and property and to provide appropriate staffing.

Contractor will furnish certificates of insurance which specifically set forth evidence of all coverage required of the contractor and sub-contractor prior to commencement of work. Certificates shall be sent to the Ingham County Land Bank, 3024 Turner St, Lansing, MI 48906.

Work should be scheduled for the most efficient operation. Coordinate with utility companies, and/or local agencies (if not already completed) to verify the shutting off and capping utility services (electric, cable, water, storm sewer, sanitary sewer, etc.) Coordinate with MISS DIG to identify underground lines/pipes and that all have been completed prior to the start of demolition.

Contractor shall coordinate the hazmat and asbestos remediation with the required demolition NESHAP notice to the MDEQ and submit to the Ingham County Land Bank for review, a tentative schedule of completion dates and work plan for the aforementioned work.

Contractor shall notify the Ingham County Land Bank 24 hours in advance of any sub-contractor being on site and provide the subs company name, address, telephone and FAX number.

CONTRACTORS USE OF PREMISES

During the period of this contract, the Contractor shall have full use of the lots occupied by the structures. The Contractor's use of the premises is limited to the limits of the property and adjacent public right-of-ways if properly barricaded. Do not disturb portions of the site beyond the areas which the work is indicated.

1. Driveways and Entrances: Keep driveways and entrances servicing adjacent properties clear.
2. Drive approaches located between the sidewalk and curb must be left as is, unless otherwise specified by ICLB, per the City of Lansing Demolition Ready letter.

3. Any debris or sedimentation deposited in the road right-of-way shall be properly removed by the Contractor at the Contractors expense, as soon as possible.

PROJECT CONDITIONS

Dust Control

1. The Contractor will use all means necessary to control dust on and near the work and on or near all off-site areas if such dust is caused by Contractor operations during performance of the work or if it results from the condition in which the Contractor leaves the site.
2. All surfaces shall be thoroughly moistened as required to prevent dust from being a nuisance and to minimize the spread of lead-containing dust to the public and adjacent properties.
3. Create 2-4 holes in attic (if applicable) and pre-soak with water for at least 5 minutes before demolition.

Protection

1. The Contractor will use all means necessary to protect adjacent property before, during and after demolition work.
2. In the event of damage, the Contractor shall immediately make all repairs and replacement necessary to the approval of the Ingham County Land Bank and at no cost to the Land Bank.
3. Sites within 500 feet of a lake, body of water, stream or county drain, require a City of Lansing permit and sedimentary controls in place. See "Soil Erosion & Sedimentation Control Permit"

Safety

1. The Contractor is responsible for conducting operations in a safe and orderly manner and in conformance with Michigan P.A. 154, per the Michigan Department of Labor and Energy Construction Safety Standards Commission.
2. Installation of barricades, warning signs, caution tape, etc. as safety precautions prior to and during wrecking operations shall be performed in strict compliance with all applicable regulations per City of Lansing.
3. Any open ground hole in excess of 3' in depth left unattended is to be extended or partially filled to create a slope on one of the four sides that would allow any person or animal falling into the hole to escape by climbing up a reasonable scalable slope.
4. Personnel working inside the site shall be trained as required and made thoroughly familiar with the safety precautions, procedures, and equipment required for controlling the potential hazards associated with this work. Work associated with hazardous/regulated materials shall be performed at appropriate Personal Protection Level as defined by MIOSHA.

Debris and Removal

1. Clearance of sites include, removal and disposal of all materials, including asbestos containing and non-asbestos containing waste and debris, in compliances with federal and state or local requirements, and compaction, as required. Provide erosion control and other incidentals necessary to satisfactorily complete the improvement removal.
2. The Contractor is responsible for obtaining approval for transportation and disposal of waste in compliance with applicable EPA, Federal, Michigan and DOT regulations.
3. Clean adjacent buildings, driveways, sidewalks, and road right-of-ways caused by demolition operations. Return adjacent areas to condition existing before start of demolition.

PRODUCTS*Fill Material*

All fill material except MDOT Class II Granular Material shall be subject to the approval of the Land Bank.

For approval, notify Land Bank in advance of the intention to import material, its location and the sources name, address, and telephone number.

Provide receipts or analytical data or certification from the source documenting that all off-site materials to be used as backfill or fill is uncontaminated. The following tests shall be performed, by the source or by the Land Bank or agent at the Contractors expense, for certification of contaminate-free fill.

1. Volatile Organics (Method 8260)
2. Semi-volatile Organics (Method 8270)
3. Pesticides/PCBs (Method 8080) and
4. Metal tests for arsenic, barium, cadmium, copper, lead, mercury, selenium, silver and zinc matter.

Fill material shall be free of rocks or lumps larger than three (3) inches in greatest dimension.

Pulverized building materials shall not be used as fill material.

Fill from off-site shall be from a commercial source. In the event, the demolition is in a designated flood plain, grading should be filled using the current ground on site, and then supplemented with fill.

EXECUTION*Preparation*

1. Protect structures, utilities, sidewalks, pavements and other facilities to remain from damage caused by settlement, lateral movement, undermining, washout, and other hazards created by earthwork operations.
 - a. In the event of damage, the Contractor shall immediately make all repairs and replacement necessary to the approval of the Ingham County Land Bank and at no cost to the Land Bank.
2. Provide erosion control measures to prevent erosion or displacement of soils and discharge of soil-bearing water runoff or airborne dust to adjacent properties, drives and walkways.
3. Protect existing trees to remain.
4. No tree removal shall be allowed in a flood plain area without prior approval from the ICLB in conjunction with the City of Lansing.

Dewatering

1. Prevent surface water and subsurface or ground water from entering excavations, from ponding on prepared sub-grades, or flooding project site and surrounding area.
2. Protect sub-grades from softening and damage by rain or water accumulation.

Excavation

1. Do not use explosives.

2. Excavation is unclassified and includes excavation to required sub-grade elevations regardless of the character of materials and obstructions encountered.

Stability of Excavations

Comply with local codes, ordinances, and requirements of authorities having jurisdiction to maintain stable excavations.

Approval of Sub-grade

1. Notify the Land Bank when excavations have reached required sub-grade.
2. When the Land Bank determines that unforeseen unsatisfactory soil is present, continue excavation and replace with compacted backfill or fill materials as directed.
3. Reconstruct sub-grades damaged by freezing temperatures, frost, rain, accumulated water, or construction activities.

Backfill

Backfill excavation promptly, but not before completing the following:

1. Removal of trash and debris from excavated site.
2. Approval and acceptance of removals below finish grade
3. Removal of temporary shoring and bracing and sheeting.

Fill

Preparation: Remove vegetation, topsoil, debris, wet and unsatisfactory soil materials, obstructions, and deleterious materials from ground surface prior to placing fills. Plow strip or break up sloped surfaces steeper than 1 vertical to 4 horizontal so fill material will bond with existing surface.

When sub-grade or existing ground surface to receive fill has a density less than that required for fill, break up ground surface to depth required, pulverize, moisture-condition or aerate soil and re-compact to required density.

Place fill-in layers to an elevation equal or level to the adjacent undisturbed ground.

Moisture Control

Uniformly moisten or aerate sub-grade and each subsequent fill or backfill layer before compaction to within 2 percent of optimum moisture content.

1. Do not place backfill or fill material on surfaces that are muddy, frozen, or contain frost or ice.
2. Remove and replace, or scarify and air dry satisfactory soil that is too wet to compact to specified density.

Compaction

Place backfill or fill materials in layers not more than 12 inches in loose depth. Contractor shall achieve compaction by reasonable means as determined by the Contractor. All methods of compaction shall be approved by the Land Bank. Heavy Equipment such as loaders, bulldozers, etc. may be used to achieve compaction. If the compaction methods do not achieve the required compaction, then mechanical vibratory equipment shall be used.

Grading

General: Uniformly grade areas to a smooth surface, free from irregular surface changes.

1. Provide a smooth transition between existing adjacent grades and new grades.
2. Cut out soft spots, fill low spots, and trim high spots to conform to required surface tolerances.
3. Avoid directing watershed onto adjacent properties.

Site Grading: Slope grades to direct water to middle of property or adjacent right-of-ways. Provide a uniform finished surface grade sloped at 2% minimum and 5% maximum. Match existing grade at adjacent property lines.

Protection

All trees 4" or greater located outside of five (5) feet from the structure to be demolished shall be protected. If such trees are damaged, the Contractor shall replace damaged tree if directed by the Land Bank.

Protecting Graded Areas: Protect newly graded area from traffic, freezing, and erosion. Keep free of trash and debris.

Repair and reestablish grades to specified tolerances where completed or partially completed surfaces become eroded, rutted, settled or lose compaction due to subsequent construction operations or weather conditions.

Settling

Where settling occurs during the project correction period, remove finished surfacing, backfill with additional approved material, compact and reconstruct surfaces.

Disposal of Surplus and Waste Material

Remove surplus satisfactory soils and waste material, including unsatisfactory soil, trash, and debris. Dispose of it off of Land Bank Property, in a legal facility.

The work of excavating, filling, and grading shall be included in the lump sum project cost. The work of grading shall include all labor, materials, and equipment necessary for filling and compacting the sub-grade prior to placing any improved surface. Any areas disturbed by construction activities shall be re-graded and reseeded as necessary.

All permits, landfill tickets, receipts for disposal, lien waivers, prevailing wages WH347 forms, and other proof of compliance shall be presented to the Ingham County Land Bank at the time invoice is submitted. Payment will be made according to the Ingham County Land Bank's Invoice Submission and Payment Schedule, once funding is received through the Hardest Hit Funds.

Submission Requirements

The Bidder, in compliance with your invitation for bids for the asbestos & hazardous materials abatement and demolition/deconstruction & debris removal of residential structures, having examined the scope of work and specifications prepared by the Ingham County Land Bank, including availability of materials and labor, hereby propose to furnish all labor, materials, tools, equipment, machinery, equipment rental, transportation, supervision, perform all work and provide all services in accordance with the contract documents at the prices stated below.

In evidence of Bidder's ability to satisfy the requirements set forth in the Scope of Services, please include a narrative describing, but not limited to the following information:

- ☐ Cover Letter of Interest including
 - Principal place of business and business history
 - Contact Person, Title, Phone/fax Numbers, E-mail address
 - Experience providing similar services
- ☐ Main Proposal
 - Firm Background and Years in Business – minimum 5 years.
 - Evidence of financial stability – 2015-2016 financial statements, 2 years corporate tax returns, or 2 years audited financials
 - Evidence of legal standing with the SOM -- Certificate of Existence (LLC) issued by LARA or Certificate of Good Standing (corporate) or Articles of Organization.
 - Attest to capability of securing 100% Performance Bond.
 - List of all Board Members or Officers.
 - Three references documenting past experience in this area, including: name, company or agency and contact telephone number.
 - Copies of current and applicable certifications held and trainings completed.
 - Copies of firm's certification(s) as applicable
 - Copies of applicable State/EPA certification/license.
 - Current resume (1-2 pages) for staff person to be actively involved in providing services. At a minimum, this shall include a listing of the relevant certifications (with document numbers and effective dates), licenses, training, and experience for persons providing services.
 - Disclose any potentially related conflict(s) of interest, including personal or familial relationships to ICLB's staff or Board.

- Disclose any citations from either DEQ and/or MiOSHA in the past 3 years and, if any, please list with an explanation of the outcome.
- Disclose any other businesses that you own, co-own, operate or sit on the Board of Directors.
- Disclose any late property or business taxes and include a brief explanation as applicable.
- ❑ Evidence of Insurance
 - General Liability in coverage of no less than \$2,000,000; workers compensation and employers liability coverage no less than \$500,000. (Additional Insured Clause not required until contract awarded).
 - Automobile liability with limits not less than \$1,000,000 per occurrence.
- ❑ Signed Certifications and Authorized Signatures page(s) from this RFQ, Attachment 1.
- ❑ If applicable, signed Local Vendor Certification from this RFQ, Attachment 2.
- ❑ Minority Business Enterprise (MBE), Women Owned Business (WOB), Local Vendor Status and/or Section 3 eligibility, as applicable.
- ❑ Contractor Application, submitted prior to your response or already on file with our office (can be found on our website www.inghamlandbank.org or through our office).

All Respondents will be screened against the federal Excluded Parties List System (EPLS).

Attachment 2

Local Vendor Certification

If applicable, return with your Proposal package

To be considered for preference as operating a business within the legally defined boundaries of Ingham County, the vendor must register as a “registered local vendor”(RLV) by providing the Land Bank with a verifiable physical business address (not a P.O. Box) within Ingham County at which the business is conducted. This must be the site at which business operation take place. ICLB staff reserves the right to make a site visit to verify location and business activities.

Any person, firm, corporation or entity intentionally submitting false information to the Land Bank in an attempt to qualify for the local purchasing preference shall be barred from bidding on Land Bank contracts or a period of not less than three years.

If you believe you qualify as a local vendor, please provide the following information for verification. Please note that there are some exceptions to the local vendor rule. More information can be found at www.inghamlandbank.org.

Prevailing Wage Rates

General Decision Number: MI180014 01/05/2018 MI14

Superseded General Decision Number: MI20170014

State: Michigan

Construction Type: Residential

County: Ingham County in Michigan.

RESIDENTIAL CONSTRUCTION PROJECTS (consisting of single family homes and apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.35 for calendar year 2018 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015.

If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.35 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2018. The EO minimum wage rate will be adjusted annually.

Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply

Project #: DEMO19-HHF-03-2018
Title: Asbestos Haz Mat Removal and Demolition & Debris Removal

Release Date: 3/28/18

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the

classifications was union data. EXAMPLE: UAVG-OH-0010

08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

Rev. Dec. 2006

Rev. Dec. 2006

Rev. Dec. 2006

[illegible]

Date _____

 I, _____ (Name of Signatory Party) _____ (Title)
 do hereby state:

(1) That I pay or supervise the payment of the persons employed by

_____ on the _____

_____ (Building or Work) _____ that during the payroll period commencing on the _____

_____ day of _____ and ending the _____ day of _____

all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said

_____ from the full _____ (Contractor or Subcontractor)

weekly wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions as defined in Regulations, Part 3, 129 C.F.R., Subpart A, issued by the Secretary of Labor under the Copeland Act, as amended (45 Stat. 548, 63 Stat. 106, 72 Stat. 967, 76 Stat. 357, 40 U.S.C. § 3145), and described below:

(2) That any payrolls otherwise under the contract required to be submitted for the above period are correct and complete; that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency recognized by the Bureau of Apprenticeship and Training, United States Department of Labor, or if no such recognized agency exists in a State, are registered with the Bureau of Apprenticeship and Training, United States Department of Labor.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

☐ - In addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefits as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

☐ - Each laborer or mechanic listed in the above referenced payroll has been paid, as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in section 4(c) below.

(c) EXCEPTIONS

EXCEPTION (CRAFT)	EXPLANATION

REMARKS:
