The parties to this contract certify and agree that they are under no contractual or other impediment which would prevent them from complying with these requirements.

Contractor, or its collective bargaining representative, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or worker's representative of Contractor's commitments under the Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

Contractor will include this Section 3 clause in every subcontract for work in connection with the project and will, at the direction of the applicant or recipient of Federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the Secretary of Housing and Urban Development (24 CFR 135). Contractor will not subcontract with any subcontractor where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR 135, and will not let any subcontract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's obligations under 24 CFR part 135.

Compliance with the provisions of Section 3, the regulations set forth in 24 CFR 135, and all applicable rules and orders of the Department issued thereunder prior to the execution of this contract, shall be a condition of the Federal financial assistance provided to the project, binding upon the applicant or recipient for such assistance, its successors and assigns. Failure to fulfill these requirements shall subject the applicant or recipient, its contractors and subcontractors, its successors and assigns, to those sanctions specified by the grant or loan agreement or contract through which Federal assistance is provided, and to such sanctions as are specified by 24 CFR 135, including termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

D. Davis-Bacon Act, as amended (40 U.S.C. 3141–3148).

When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor or the State of Michigan, whichever is higher.

In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

E. Contract Work Hours and Safety Standards Act, (40 U.S.C. 3701–3708).

Where applicable, all contracts awarded in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Contract Work Hours and Safety Standards Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

F. Copeland “Anti-Kickback” Act, (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”).

The Act provides that each contractor or Subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

G. Lead Renovation, Repair and Painting Program

Prohibition of Use of Lead-Based Paint. The construction or rehabilitation of residential structures is subject to the HUD Lead-Based Paint regulations promulgated at 24 CFR Part 35, 24 CFR 570.608, and 24 CFR Section 745, Subpart E, as applicable. The Contractor and his/her subcontractors shall comply with the provisions for the notification and elimination of lead-based paint hazards of said regulations.

H. Procurement of Recovered Materials (200 CFR 200.323)

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid

waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

- I. Subcontractors. When a project is funded using any federal funding per FAR Subpart 9.4 and Executive Order 12549 and 12689 and the Government-wide Non-procurement Suspension and Debarment Common Rule (68 FR 66533), the Ingham County Land Bank Fast Track Authority can only solicit offers from, award contracts to and consent to subcontractors with responsible contractors only and not allow a party to participate in any affected program if any Executive department or agency has debarred, suspended, or otherwise excluded (to the extent specified in the exclusion action) that party from participation in the affected program. The Contractor agrees that they are not debarred or suspended from participation in this program, nor is any interested party, nor any subcontractor debarred or suspended from participation in this program.

Contractor shall submit, in writing, all names and relevant identification information to Ingham County Land Bank Fast Track Authority of all subcontractors prior to performing work on above referenced project for review and verification. Failure to do so will result in work stoppage and be considered breach of contract.

- J. Patent Rights, Copyrights and Rights in Data. If this contract results in any copyrightable materials or inventions, the Contractor agrees to comply with Land Bank's requirements and regulations pertaining to patent rights with respect of any discovery or invention which arises or is developed in the course of or under such contract. The Contractor also agrees to comply with the Land Bank's requirements and regulations pertaining to copyrights and rights in data, and reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes.
- K. Clean Air and Water Act and Federal Water Pollution Control Act and EPA Regulations. For contracts and subcontracts of amounts in excess of \$150,000 the Contractor or subcontractor shall comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U. S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended and Environmental Protection Agency (EPA) regulations pursuant to 40 CFR Part 50, as amended, as applicable to this contract. Violations shall be reported to the Federal awarding agency and the Regional Agency (EPA).
- L. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.
- M. Energy Policy and Conservation Act. Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94A 163, 89 Stat. 871), as applicable to this contract.

- N. Debarment and Suspension. (Executive Orders 12549 and 12689).  
A contract or grant award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. All contractors and subcontractors must be vetted for debarment. If debarment action has been taken against the contractor, the contract shall be terminated. If debarment action has been taken against any subcontractor, the contractor shall provide an alternative subcontractor within 10 days of notification. The debarred subcontractor may not work on the project.
- O. Domestic Preferences for Procurements. (2 CFR 200.322)
- a. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.
  - b. For purposes of this section:
    - (i) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
    - (ii) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.
- P. Iran Linked Business. The Contractor, in its Proposal and by its entry into this Agreement, certifies to the Land Bank that neither it nor any of its successors, parent companies, subsidiaries, or companies under common ownership or control of the Contractor, are an “Iran Linked Business” engaged in investment activities of \$20,000,000.00 or more with the energy sector of Iran, within the meaning of Michigan Public Act 517 of 2012. It is expressly understood and agreed that the Contractor shall not become an “Iran linked business” during the term of this Agreement.
- Q. Compliance with Requirements in Part 92. The Contractor is subject to the requirements in Part 92, except 92.352, that are applicable to the City of Lansing, except §§ 92.505 and 92.506 do not apply, and the Contractor cannot assume the participating jurisdiction responsibilities for environmental review, decision making, and action under § 92.352. Applicable requirements include § 92.350, “Other Federal Requirements and Non-Discrimination”, § 92.351 “Affirmative marketing; minority outreach program, §92.354 “Labor”, §92.355 “Lead Based Paint”, §92.356 “Conflict of Interest”, § 92.357 “Executive Order 12372” and §92.358 “Consultant Activities”.

### A. Severability

In the event that any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this contract, but this contract shall be construed as if such invalid, illegal or unenforceable provisions had never been contained herein, unless the deletion of such provision or provisions would result in such a material change so as to cause completion of the transactions contemplated herein to be unreasonable.

The Land Bank and Contractor agree that if any part of this contract is determined invalid, either party may open negotiations solely with respect to a substitute for such invalid portion, within two (2) weeks after a ruling has been made.

### B. Entirety of Agreement
