C. Resolution to Authorize the Sale of Vacant Lot on Hayford Ave to Lansing Urban Farm

Adopted December 19, 2019 Agenda item #1.C.

INGHAM COUNTY LAND BANK FAST TRACK AUTHORITY

RESOLUTION TO AUTHORIZE SALE OF VACANT LOT ON HAYFORD AVENUE TO LANSING URBAN FARM PROJECT

RESOLUTION 19-23

WHEREAS, the Land Bank Fast Track Act, 2003 PA 258, being MCL 124.751 *et seq.*, ("the Act") establishes the State Land Bank Fast Track Authority; and

WHEREAS, the Act allows a foreclosing governmental unit, such as the Ingham County Treasurer, to enter into an intergovernmental agreement with the State Land Bank Fast Track Authority providing for the exercise of the powers, duties, functions, and responsibilities of an authority under the Act, and for the creation of a County Land Bank Fast Track Authority to exercise those functions; and

WHEREAS, the Ingham County Treasurer, with the Ingham County Board of Commissioners approval, entered into such an intergovernmental agreement under the Act; and established the Ingham County Land Bank Fast Track Authority (the "Land Bank") in 2005; and

WHEREAS, the Land Bank received title to the residential vacant property at Hayford Ave, Lansing (# 33-01-01-23-105-003) in 2009, through local unit rejection; and

WHEREAS, Lansing Urban Farm Project, a non-profit farming organization who purchased the farm house north of the vacant lot from the Land Bank, would like to purchase the large parcel which they are currently leasing from the Land Bank. For 10 years, the LUFP has invested heavily in these parcels with both soil enhancements and the hoop house, plus 3 additional small structures. Their intent is not only to raise fresh food for Lansing-area residents, but to train a large cohort of urban farmers and provide support and resources to all farmers in the area; and

THEREFORE, BE IT RESOLVED, the Land Bank authorizes its Chairperson or Executive Director to negotiate and execute the transaction of this parcel to Lansing Urban Farm Project for \$1,100, plus closing costs.

FURTHER, BE IT RESOLVED, property conveyances shall contain a reverter clause prohibiting the property's use of any sexually oriented business as defined by law, medical marijuana business or dispensary, or casino.

The motion carried. Yeas: Crenshaw, Grebner, Schertzing, Trubac. Nays: None.

COMMISSIONER CRENSHAW MOVED TO APPROVE. COMMISSIONER GREBNER SUPPORTED THE MOTION.

Discussion ensued on selling the property to Lansing Urban Farm Project. Chairperson Schertzing disclosed that he is a board member of LUFP. Director Roxanne Case stated that within the packet there was a letter from LUFP and a map, showing the property. A large hoop house was built on both lots; the middle of it sets on the property line, half on lot with the house at 653 S Hayford Ave (north side) and half on the lot with the farming sections (south side). This is all floodplain property. LUFP is a non-profit and has done a great job of producing fresh produce on these lots, and built shelters and exterior buildings to enhance the farm. Commissioner Crenshaw asked to be reminded of when the house was sold to LUFP. Director Case stated that the house was sold to LUFP in May 2019. Commissioner Grebner asked to confirm the 2 different garden programs. Chairperson Schertzing confirmed that the Garden Project is facilitated by the Food Bank, where the Garden Program is part of the Land Bank. Commissioner Grebner stated that in his general view to the extent that we can, the Land Bank needs to move property titles to other entities and not hold on to them. Chairperson Schertzing stated that this sale is probably the very beginning of disposition of the farmable land to entities that wish to farm.

Commissioner Trubac arrived. (Confusion on the time change of board meeting.)

B. Budget 2020 and Board of Directors Regular Meeting Schedule 2020

Director Case distributed an updated version of the Budget 2020. We needed to include our planned payment for the Line of Credit in expenses even though its technically, not an expense. Other expenses, such as in the Demolition line item, have decreased as well. Chairperson Schertzing would like to see a breakout of the salary line in a future board meeting. Commissioner Crenshaw asked about the Lawn & Snow Maintenance line item, and wondered if the \$280,000 in maintenance will remain. Director Case stated that the line represents 700 properties at \$400 per property. Depending on our winter weather, the costs could decrease. Commissioner Slaughter asked about Consultant line item. Director Case stated that line item includes help with media and social media presence.

Director Case asked about the Regular Directors' Meeting Schedule 2020. The Annual meeting is scheduled for Thursday, January 23, 2020, with the monthly meetings on every 3rd Monday. The Schedule was confirmed and accepted.

A few of us went to a Modular Plant Tour on Monday, 12/16/19, in Topeka, IN. Good tour. Good information. Staff will look into costs to determine if it's an option in the area.

Linda Weber has submitted her resignation. Her last day was listed for 12/19/19, but Director Case asked if she could extend her time through the end of January, and Linda accepted.

We are not contesting the previous director's unemployment claim.

David Burns reminded the Board that Christopher Stralkowski and Eric Helzer of Ferguson Development attended a board meeting a couple months ago, where they introduced themselves and the project that they're intending to complete with McLaren Medical. David stated that Ferguson Development has met with the Land Bank and the City of Lansing to discuss their proposed project. City of Lansing is in support of this project. David stated that he had several meetings with south side neighborhood coalitions and organizations, and all of them are supporting this project. We did have a few rounds of sales negotiations.

Christopher Stralkowski of Ferguson Development stated that he has met with City folks, such as Brian McGrain, and already has a meeting set up with Andi Crawford in preparation of reaching out to the neighborhood. Mr. Stralkowski stated that they're looking at good models for success to determine a best-in-show facility to serve the people who will engage with this development. Ferguson Development is excited about the project.

Commissioner Grebner asked Land Bank staff what inspired the initial sales price of \$400,000. David Burns stated that the price was a broker's analysis opinion, and that it basically included the square footage building and to use the building as is, not just the land. David stated that there is costs to the demolition and the environmental issues to the building.

Chairperson Schertzing asked about the 14-month due diligence period. Mr. Stralkowski stated that it will take time to prepare and determine the deconstruction and demolition process. There is also a 2nd component of this site with the possible housing structures in the back.

Chairperson Schertzing asked if any of the building was savable. Mr. Stralkowski stated that they will be able to save materials but not structure. There is some stunning limestone pieces of the building that will be set aside and re-used, in an attempt to keep some of the character of the building.

No further questions or comments.
